

## Editorial on Past Webinar Report on Drug Design Techniques and Pharmacology

Euro Drug Design 2020 will focus on educational research directed toward its impact on clinical outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. Attendees will be provided with the tools to enhance nursing education programs to make education more effective in nursing practice.

Conference Series LLC Ltd extend its warm gratitude towards all the Participants, Eminent Speakers, Young Researchers, Delegates and Students. We would like to specially thank the following people who laid the foundation for the event's success.

Name of some of the speakers and their abstracts:

- Ema Kosovic, Stability study of cannabidiol in selected medicinal formulation by chromatographic techniques
- Sareh Hosseini, Evaluation of the Synergistic Effects Of "Hyaluronic Acid And Dhea" Intra Articular Injection In Rabbit Models With Osteoarthritis
- Dr. Mark R. Willis, Counterfeit Pharmaceuticals & Medical Devices - A Global Regulatory Overview and the Impact on the Industry
- Reza rezaie khanghah, Research into/on Diseases and pharmacognosy and natural medicine and medical science

The Webinar on Drug Design Techniques and Pharmacology, was held in Paris, France during September 22, 2020.
